Interpretative note 29 January 2014

Applicable law in case of opt out

*"It is the Preparatory Committee's view that **if a European patent... is opted out** (or during the transitional period the case is brought before a national court), **the Agreement no longer applies** to the application for the European patent... concerned. As a consequence the competent national court would have to **apply the applicable national law.**"*

3 September 2015

Protocol for the provisional application of the UPCA

*"A protocol to the UPCA that would allow for the **provisional application of the institutional, organisational and financial provisions of the UPCA and Statute during a period of approximately six months** before the UPCA enters into force.*

This will allow all legal texts and all decisions and appointments to be adopted in accordance with the relevant procedures.

Hopefully this work can be concluded early fall this year."
